

**SCHOOL ONE PTA
BEYOND SCHOOL EXPLORERS (BSE)
2025**

Dear School One Parents,

It is with great pleasure that the School One PTA announces the 2025 Beyond School Explorers Program. BSE is a PTA after school enrichment program designed to provide fun, interesting, and educational classes to our students in grades K-4. All classes offered are organized and conducted by High School Students, parents and volunteers from the SPF community.

BSE classes will be held at School One on January 17th, January 24th, January 31st, and February 7th. Parents are responsible for promptly transporting their children home when BSE classes end at 4:15. Please note that the crossing guards are dismissed from their posts at 3:30 and consequently, will not be at their posts at BSE dismissal. **Bus transportation will not be available** for bus students at BSE dismissal. RAS after school program students may participate in BSE and will be escorted to the appropriate room at the conclusion of their BSE class. Fourth graders participating in the Variety Show will be dismissed to their directors.

Attached are the class descriptions. Please review these with your child. Classes are limited by size and grade level. There is a **\$25 class fee per child** that will cover the cost of materials for the entire four-week program. **Students are enrolled on a first come/first served basis.**

Registration will open on Monday, January 6th after school.

To register online, visit [BSE Registration](#)

Please fill out the electronic form completely **AND** submit payment: 1. **Online payment** - <https://schoolonepta.memberhub.store> and select BSE 2. **\$25 check payable to "School One PTA"** in an envelope with "PTA, Child's Name."

Your child's registration will be processed once we have the completed online form **AND** payment. **The deadline for BSE registration is Saturday, January 11th.**

Please note that classes are subject to cancellation due to poor enrollment or other mitigating circumstances. If a class is canceled, we will attempt to place your child in one of their other choices.

BSE would not be possible without the support of our volunteers who so generously offer their time and talents to teach BSE classes. We thank you for your continued support!

Thank you!
The BSE Committee

If there is a financial need/challenge that your family is experiencing, please contact Mr. Fiory.

2025 Beyond School Explorers - Class Descriptions

Art 1 (Grades K-1)

Calling all artists! A fun and educational experience where students can learn to express themselves through various forms of art.

Art 2 (Grades 2-4)

Calling all artists! A fun and educational experience where students can learn to express themselves through various forms of art.

Friendship Bracelet Making (Grades 2-4)

In our bracelet making class, students will learn how to get creative and make various different kinds of bracelets with beads and charms. Bracelets can include lettering, charms, pony beads, and clay beads. After each class, every child will leave with their very own, personalized bracelet based on the lesson that day.

Broadway Bound (Grades 3-4)

Play improvisational acting games and learn some fun musical theatre routines from Broadway shows.

Fun with Food 1 (Grades K-1)

Get ready to have fun with food while creating delicious treats. Learn about different ingredients while experiencing the fun of cooking! *Food Allergy Note: Items may not be allergen free. Risk of cross contamination.*

Fun with Food 2 (Grades 2-4)

Want to have fun AND play with your food? Join our class for a hands-on experience and learn how to make your own fun treats that taste and look like a masterpiece! *Food Allergy Note: Items may not be allergen free. Risk of cross contamination.*

Glitter Galore (Grades K-4)

This class will include flitter crafts and cookie/snack decorating. We will learn about glitter glue, pens, edible glitter, and more! Join us in a world full of sparkle!

Lego Building (Grades 1-4)

Students will play, build and share their Lego creations based on a different theme each week.

Fun and Games (Grades K-4)

Do you like to explore nature? Get messy as we bring the outdoors inside with some fun projects to take home.

2025 Beyond School Explorers - Class Descriptions

Simple Science 1 (Grades K-1)

Simple science is full of fascinating hands-on experiments that allow you to enjoy the world of science. Using ingredients that can be found around the house, we will perform experiments that are simple and safe.

Super Science (Grades 2-4)

Calling all scientists! We invite you into our laboratory to explore the realm of science where you will perform amazing experiments.

Let's Go Birding (Grades K-4)

Embark on a fascinating journey into the world of birds in our engaging class. From identifying common birds and their habitats to crafting homemade binoculars and exploring the wonders of birds, our interactive sessions are designed to inspire curiosity.

STEM:Amazing Engineering (Grades 3-4)

Do you like to build things and learn how things work? Join us for this amazing class, which will include bridge building, hot wheels speedometry races, and so much more!
